Try Programming for Publishers

A book to accompany the course commissioned by the Oxford Publishing Group

From the makers of Bibliocloud

Contents

Preface

This course is written and run by General Products Ltd, the makers of Biblio-cloud.com.

Chapter 1

Getting started

This book will accompany the Try Programming for Publishers course which has been commissioned by the Oxford Publishing Group and which is running on 20th January 2015 in Oxford, UK. After the course has run, you'll be able to access the course materials here.

To be notified when the course materials are available, sign up to our newsletter. Email info@bibliocloud.com with the subject "Newsletter" and you'll be added.
